READY BOOSTER
THE NEW SINGLE POINT LUBRICATOR

From NTN-SNR

www.ntn-snr.com

With You

READY BOOSTER BENEFITS

• Significant savings due to the flexibility of use (1-12 months and stoppable)
• Suitable for tight and restricted areas (125 cm³)
• Ready to use: no assembly and no tools required
• Only one lubricator for all of your applications: inside and outside (-20°C up to 60°C)
• IP68 protection class: Reliable lubrication even in extremely moist and dusty areas

APPLICATIONS

Due to its compact size, the Ready Booster can be used in various applications:
• Bearings, Plummer blocks
• Chains
• Electrical motors, fans, pumps, conveyors, etc.

FOR YOUR APPLICATION, COMBINE THE MOST SUITABLE GREASE WITH THE BEST AUTOMATIC LUBRICATOR

**UNIVERSAL +**
General purpose grease for industrial use.

**HEAVY DUTY +**
Suitable for very high loads, compatible with many applications, intended for arduous applications.

**VIB**
Parts subject to extensive vibrations or impacts. For high-load applications in humid environments.

**HIGH TEMP**
This grease is ideal for long-term lubrication at high temperatures up to +150°C. Accepts peaks of +175°C.

**FOOD**
Multi-purpose grease for the food and pharmaceutical industries. Complies with NSF-H1 recommendations.

**FOOD CHAIN OIL**
Food-grade oil for chains designed for the food-processing and pharmaceutical industry. Complying with NSF-H1 recommendations.

**CHAIN OIL**
Synthetic oil for high temperature chains.

### DESCRIPTION

- **General purpose grease for industrial use.**
- **Suitable for very high loads, compatible with many applications, intended for arduous applications.**
- **Parts subject to extensive vibrations or impacts. For high-load applications in humid environments.**
- **This grease is ideal for long-term lubrication at high temperatures up to +150°C. Accepts peaks of +175°C.**
- **Multi-purpose grease for the food and pharmaceutical industries. Complies with NSF-H1 recommendations.**
- **Food-grade oil for chains designed for the food-processing and pharmaceutical industry. Complying with NSF-H1 recommendations.**
- **Synthetic oil for high temperature chains.**

### APPLICATIONS

- **Agricultural equipment, handling equipment, general mechanical devices, low-power electric motors, etc.**
- **Heavy industry: metallurgy, construction, transport, conveyors, lifting devices, water pumps, etc.**
- **Quarries, cement works, public works and humid environments: paper works, boring, crushers, vibrating scalers, etc.**
- **Textile machines, paper transformation machines, hot fans, dryers, water pumps, etc.**
- **Bottling machines, dairy equipment, industrial baking, pasta manufacturing, confectionery, slaughterhouses, etc.**
- **Straight, bevel and worm gearing, main bearings, pivots, articulations as well as for the lubrication of lifting, drive and transmission chains even at low temperatures.**
- **Textile and plastic materials transformation machines: for all types of chains.**

- **Gas generating unit**
- **Reliable and economical**
- **Transparent cartridge**
- **Immediate activation (less than 1 day)**
- **IP68 protection**
- **Max. pressure 5 bars**
- **Discharge period from 1 to 12 months**
- **Stoppable**
- **Capacity of 125 cm³**
- **Operating temperatures: from -20°C up to +60°C**
- **Several accessories available**
