For extremely accurate lubrication, independent of temperature and ambient pressure, extremely reliable in use.

**READY BOOSTER - Economical and reliable**

- Significant savings due to the flexibility of use (1-12 months and stoppable)
- Suitable for tight and restricted areas (Ex proof)
- Ready to use: no assembly and no tools required
- Only one lubricator for all of your applications: inside and outside (-20°C up to 60°C)
- IP68 protection class: reliable lubrication even in extremely moist and dusty areas

Due to its compact size, the Ready Booster can be used in various applications: bearings, plummer block, chains, electrical motors, fans, pumps, conveyors, etc.

**DRIVE BOOSTER - Powerful and precise**

- Independant with its powerful battery pack
- Powerful : suitable for remote greasing
- Precise : discharge period from 1 to 12 months
- Easy-to-use refill cartridge

For extremely accurate lubrication, independent of temperature and ambient pressure, extremely reliable in use.

**SMART BOOSTER - Effective and technical**

- Greater capacity: 125 cc
- Accurate, ergonomic
- Adjustable to the nearest month on the LCD screen
- Constant flow, independent of ambient temperature
- Recyclable: re-usable control unit
- Suitable for use in explosive areas

Effective, precise, flexible lubrication for applications subject to wide variations in temperature or situated in explosive environments.
> FOR YOUR APPLICATION, COMBINE THE MOST SUITABLE GREASE WITH THE BEST AUTOMATIC LUBRICATION

<td>General purpose grease for industrial use</td>
<td>Suitable for very high loads, compatible with many applications, intended for arduous applications</td>
<td>Parts subject to extensive vibrations or impact. For high-load applications in humid environments</td>
<td>Ideal solution for long-term lubrication at low and high temperature up to 180 °C</td>
<td>Multi-purpose grease for the food and pharmaceutical industries. Complies with NSF-H1 recommendations</td>
<td>Food-grade oil for chains designed for the food-processing and pharmaceutical industry. Complying with NSF-H1 recommendations</td>
<td>Synthetic oils for high temperature chains</td>
</tr>

**APPLICATIONS**

- **READY Booster**
  - Agricultural equipment, handling equipment, general mechanical devices, low-power electric motors, etc.
  - Heavy industry: metallurgy, construction, transport, conveyors, lifting devices, water pumps, etc.
  - Quarries, cement works, public works and humid environments: paper works, boring, crushers, vibrating scalpers, etc.
  - Textile machines, paper transformation machines, hot fans, dryers, water pumps, etc.
  - Bottling machines, dairy equipment, industrial baking, pasta manufacturing, confectionery, slaughterhouses, etc.
  - Straight, bevel and worm gear, main bearings, pivots, articulations as well as for the lubrication of lifting, drive and transmission chains even at low temperatures
  - Textile and plastic materials transformation machines: for all types of chains

- **SMART Booster**
  - Electrochemical drive
  - Driven by a re-usable LCD screen control unit, with thermal sensor, ensuring a precise flow whatever the temperature and throughout the whole of the distribution
  - Grease refill designed for recycling
  - Immediate distribution (less than 1 day)
  - ATEX zone 1 and IP65 protection
  - Max. pressure 6 bars
  - Adjustable to the nearest month between 1 and 12 months
  - Start/stop function
  - Capacity of 125 cm³
  - Surrounding temperatures: from -20°C up to +60°C

**PRODUCT RANGE**

- **READY Booster**
- **SMART Booster**
- **DRIVE Booster**

**TECHNICAL SPECIFICATIONS**

- **READY BOOSTER**
  - Gas generating unit
  - Reliable and economical
  - Transparent cartridge
  - Immediate activation (less than 1 day)
  - Ex proof certification
  - IP 68 protection
  - Max. pressure 5 bars
  - Discharge period from 1 to 12 months
  - Stoppable
  - Capacity of 60cc or 125cc
  - Operating temperatures: -20°C up to 60°C

- **DRIVE BOOSTER**
  - Reusable electromechanical drive
  - Easy-to-use refill cartridges
  - All around LED lights (red/green)
  - Transparent cartridge
  - Immediate discharge
  - May be installed up to 5m from grease point
  - Changeable and stoppable system
  - Discharge period from 1 to 12 months
  - Powerful Alkaline battery pack
  - Capacity of 120 & 250 cc
  - Max. pressure build-up 6 bars
  - IP65 protection class
  - Ambient temperatures: From -10°C up to +60°C

- **SMART BOOSTER**
  - Electrochemical drive
  - Driven by a re-usable LCD screen control unit, with thermal sensor, ensuring a precise flow whatever the temperature and throughout the whole of the distribution
  - Grease refill designed for recycling
  - Immediate distribution (less than 1 day)
  - ATEX zone 1 and IP65 protection
  - Max. pressure 6 bars
  - Adjustable to the nearest month between 1 and 12 months
  - Start/stop function
  - Capacity of 125 cm³
  - Surrounding temperatures: from -20°C up to +60°C
