 - > 150 HDB items – tapered bearings
 - > 40 HDS items – specific axles bearings
- **349 gearbox and differential bearings**
 - > 250 part numbers - European offer
 - > 99 part numbers – Asian offer
- **16 engine part numbers:**
 - > 6 timing pulleys for Asian vehicles - Hino Motors, Isuzu Trucks, UD Trucks
 - > 8 alternators bearings for the main European Trucks brands
 - > 2 bearings for the cooling and electrical systems

Range specification

OE quality

NTN is known for the quality of its products.

Thanks to our OE pedigree, the truck and heavy duty aftermarket range is known as a PREMIUM range within the market place.

Range coverage

The NTN truck range covers the vast majority of Truck applications. NTN also offers axle bearings for commercial vehicles, light commercial vehicles, trailers and buses.

This diversity allows to offer **a wide and complete range.**

Truck coverage

NTN covers more than 90% of the European Heavy Duty fleet, as well as the main Asian and American applications.

European brands: Renault Trucks, Volvo, Iveco, Mercedes-Benz, DAF, MAN, Scania

Asian brands: Hino Motors, Isuzu Trucks, UD Trucks/Nissan, Fuso Mitsubishi

US brands: Mack Trucks, Ford, GMC Trucks, Freightliners

Moreover, our range also covers the main trailers brands such as SAF, BPW and Gigant – and buses brands – Leyland, Irisbus (Iveco), Evobus (Daimler), Neoplan Bus (Man), Scania Bus, Volvo Bus.

Our gearbox bearing range covers the ZF gearboxes. ZF is the main supplier to the truck manufacturers.
